

Animal Sand Sculptures

Next time you are enjoying a day at the beach, why not have a go at sculpting some animals in the sand? You can get creative, and make them as big as you like!

If you need some inspiration, why not check out some spectacular sea creatures on ARKive before you go?

Atlantic lobster - <http://www.arkive.org/atlantic-lobster/homarus-americanus/>

Great white shark - <http://www.arkive.org/great-white-shark/carcharodon-carcharias/>

Curled octopus - <http://www.arkive.org/curled-octopus/eledone-cirrhosa/>

Common clownfish - <http://www.arkive.org/common-clownfish/amphiprion-ocellaris/>

Lion's mane jellyfish - <http://www.arkive.org/lions-mane-jellyfish/cyanea-capillata/>

Walrus - <http://www.arkive.org/walrus/odobenus-rosmarus/>

We would love to see what you make, so don't forget to tweet photos of your sculptures to **@ARKive** or upload a photo to Facebook (<https://www.facebook.com/ARKive.org>) or Flickr (<http://www.flickr.com/groups/arkive>).
